ENSIGN KUHN RETURNS.

Salvationist Has Been Holding Special Meetings in John Day Country.

Ensign R. Kuhn, of the Salvation Army, returned to Pendleton today from a "specializing" tour through the John Day country. The ensign is on his way to Portland where he will meet Colonel George French, commanding the Pacific province.

"I am to accompany the colonel on his tour of the Northwest," said Ensign Kuhn. "I was to have continued in my work in the John Day country for several weeks yet, but the colonel has ordered me to cancel all engagements."

"The meetings throughout the towns I visited were well attended and we secured a number of conversions. The country is much in need of spiritual teaching and is a wide field."

Ensign Kuhn was stationed in Pendleton for two weeks, just before his trip into the interior. Colonel French will be in this city November 4.

SUCCESSFUL ENTERTAINMENT.

Music at Christian Church Netted About \$50.

The musical given at the Christian church last night under the auspices of Mrs. J. S. Keer's Sunday school class was a complete success from a musical standpoint as well as financially. The proceeds of the entertainment amounted to almost \$50. The money will be used in furnishing the class room of the church.

There were 16 numbers on the program. Mrs. Helen Webb Marston and her pupils, assisted by Miss Mytelene Fraker, Miss Ethel Latourette and Mrs. J. Ross Dickson furnished the music.

"I am highly pleased with the result of the entertainment," said Mrs. Keer. "The musicians were at their best and I desire to extend my thanks to them for the excellent entertainment."

Many of Mrs. Marston's pupils are small and the way in which they executed the difficult numbers shows much care in their training.

Fifty Head of Jerseys.

Fifty head of registered Jersey cattle—all milk cows but two, were unloaded here last night en route to Ontario from Yamhill county. They are the property of Pullen & Skinner, of Malheur county, who are investing heavily in a line of special milk-producing cattle and were taken off here to feed and water. They are patrons of the Nyssa, Idaho, creamery and believe that the dairy capabilities of the Ontario country are practically boundless. The cattle mentioned were bought of Atkinson, of Yamhill county, the noted breeder of Jersey cattle.

Planting Wheat in Progress.

Fall planting of wheat progresses with great vigor to the eastward and on the reservation and in those portions of the southern part of the county wherein wheat is raised, but lags to the northward and northwestward. Not so much rain has fallen in the last named localities as in the former—only enough, it is feared, to sprout the grain without enabling it to make a thrifty growth, and the farmers are afraid it will sprout and then spoil from lack of more moisture.

Ione Is Thriving.

Dr. N. H. Smith, of Seattle, has arrived and is the guest of his sisters, the Mesdames Campbell and Wilson, and other relatives. Dr. Smith came by way of Ione, and reports that business down there is excellent, the fall trading by the grain and stockmen being unusually heavy. New houses are going up there, among them being residences built by Gus Walker and J. Louie, the latter manager of the Ione lumber yard.

Prefers Umatilla County.

Ed Bois has returned from the Nez Perce country. He has definitely concluded to locate in this county, after prospecting all through the Palouse and the Nez Perce districts, and will go to La Grande and file on land which he selected in the upper Butte creek country while here last summer. Mr. Bois is from near Beatrice, Neb.

Last Sheep Shipment.

Hunter & Stevens are today shipping from this place 3280 head of sheep—feeders for the central Nebraska pens. This is the last shipment from this point for this winter, and came mainly from the south side of the county. A large consignment of sheep will go from Meacham today by the same train.

New Teacher in City Schools.

Miss Minnie Elton, of The Dalles, is the new teacher in the city schools, sharing the work just opened in the academy building on the north side. Miss Elton first came to Pendleton to attend the institute and comes recommended by Superintendent Ackerman and other prominent educators.

CAN'T RESIST TEMPTATION.

Henry Lacey, Posted Drunkard, Refuses to Give His Friend Away.

"I stood it just as long as I possibly could," declared Henry Lacey, posted drunkard, this morning as the city marshal guided his tottering footsteps to the city jail, there to serve out a suspended sentence of 10 days.

Lacey's appetite for drink has reached such a stage that he declares it is utterly impossible for him to abstain. He has been arrested and fined innumerable times for drunkenness. A week ago sentence of 10 days was imposed by Recorder Fitz Gerald and sentence suspended on condition that Lacey leave town.

Two days ago he returned and proceeded to acquire a jag. He managed to dodge the officers until this morning. It is a misdemeanor to furnish Lacey with liquor, but he never "peaches" on the person who gives it to him, preferring to take heavier punishment himself rather than reveal the source of his supply of liquor.

DOWN FROM GREENHORN.

W. H. Aubin, of the I. X. L. Mine, in Pendleton on a Vacation.

William H. Aubin, superintendent of the cyanide plant at the I. X. L. mine in the Greenhorn district, 40 miles from Sumpter, is in Pendleton on a brief vacation. Mr. Aubin owns a farm near Pendleton.

"Mining operations in the Greenhorn," he said, "are lively. There are about 20 men employed in the camp just now. The I. X. L. is working a full crew and the New York is soon to sink a 1000-foot shaft."

"Most of the mineral deposits in the Greenhorn are cyaniding ore; that is it requires the cyanide process to separate the gold from the baser metals. There is but little free milling ore in the entire region."

THOMAS JEFFERSON COMING.

Noted Actor Will Be in Pendleton Sometime Next Month.

Thomas Jefferson, who for several years has been perpetuating "Rip Van Winkle," the play made famous by his illustrious father, will appear at the Frazer theater sometime during the latter part of November. Jefferson has been seen by Pendleton audiences on several occasions and never fails to draw a large house.

Among the other well known attractions signed by Manager K. J. Taylor to appear between now and Christmas are Haverley's minstrels and "Shore Acres." The latter will be here on the night of December 11.

Mrs. Thompson is Comfortable.

Mrs. Sarah M. Thompson, who was stricken with a light form of paralysis at the home of her daughter, Mrs. C. F. Colesworthy, is comfortable and there are no apparent indications of the trouble assuming a more acute form, at least in the near future. Mrs. Thompson is nearly 84 years of age, and the ailment has more of the features of a sudden breaking down of nervous vitality than of paralysis proper.

Sunday School Picnic.

Walla Walla, Oct. 25.—Under the auspices of the Northwest Sabbath association a convention is being arranged for next Tuesday afternoon and evening in the First Presbyterian church of this city.

Russia has just ordered 2,000,000 pounds of meat from an Omaha concern for the Orient.

Pearl Smith Married.

The Lewiston Tribune of a recent date, in speaking of the marriage of Miss Pearl Smith, of Helix, to Chas. Alspach, of that city, says: Miss Pearl Smith, formerly of Helix, Or., and Charles Alspach, of this city, were united in marriage on Monday last at Moscow. Miss Smith has made her home in Lewiston for several months, having come to this city from Helix, where for a long period she was employed in the postoffice. Mr. Alspach is the popular clerk at the Hotel de France. The couple have many friends in Lewiston who will wish them happiness in married life. Mr. and Mrs. Alspach will make their permanent home in this city.

Once Lived in Pendleton.

Will G. Thurber, a young lawyer from Eau Claire, Wis., arrived last night. After looking this town over he will go to Foster and visit for a few days with his cousin, S. T. Thurber, who is on a claim in that vicinity. His intention is to locate in some new and growing town, and his present purpose is to prospect every locality offering special inducements in this section of the country. Mr. Thurber lived in Pendleton when a small boy—over 20 years ago. His father, with the family, moved to Wisconsin to go into the service of the Wisconsin Central railroad.

Sustained a Serious Fall.

Mrs. W. L. Rhodes, of McKay, who has been the guest of Clarence Kearney on Alta street, last night, accidentally fell into a cellerway, falling a distance of four feet. She sustained a number of severe bruises, a badly contused eye, and was unconscious for some time. Dr. Cole was summoned, and although Mrs. Rhodes suffered considerably during the night, she is more comfortable this morning.

Will Locate in This County.

R. T. Skinner, of Ogleshorpe, Iowa, who was here during September and went to the Okanogan and other northern districts, has returned and will winter in this county, expecting to remain permanently. He will make his headquarters with his brother-in-law, Ernest Potter, of the state line, northeast of Milton, and will purchase land next spring, dependent upon the disposal of land in Iowa and Southeastern Kansas.

Interest in New York Estate.

Mrs. D. B. Waffle has fallen heir to \$400—her share in an estate of \$75,000 left by an uncle, Nathaniel Fellows, of Lebanon, N. Y. The bulk of Mr. Fellows' estate was willed to his immediate relatives. Other near relatives received larger proportions according to the nearness of their relationship, while quite a number came in for the small amount named.

Machinist From New York.

John Leininger an all round machinist and machine repairer, arrived last night from Rochester, N. Y., and will seek employment at his trade. Pendleton was recommended to him by his friend, J. B. Suydam, who was out here last summer. If he does not find employment at his trade, Mr. Leininger will ship on the steamer plying between Riparia and Lewiston, as assistant engineer.

Mothers! Retain Your Youthful Figures.

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this! Childbirth is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form divine than any other natural function.

MOTHER'S FRIEND

is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is a liniment, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend, \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women.
